A DIFFERENT WAY TO ENJOY YOUR BATHROOM

LOCK SECURITY SYSTEM

Tecnology for your life

A system that prevents that the mirror would not hook-off by accident and impede movement of the bottom.

FERNANDO CANÓS

Industrial Designer.

For six years, our industrial design team partnered with EBIR Group to develop products for the European market, and core members of the team have now designed a new range of elegant, stylish and contemporary ILLUMINATED MIRRORS exclusively for the North American market.

SARA GIL

Creative Concept.

Sara, an expert in the fields of communication and marketing, is the soul of this catalog. Thanks to her extensive professional experience and leading promotional abilities as a team member of EBIR, she has managed to graphically capture EBIR's driving esthetic concept to "See yourself in a whole new light" and translate it into the very look of this elegant catalog.

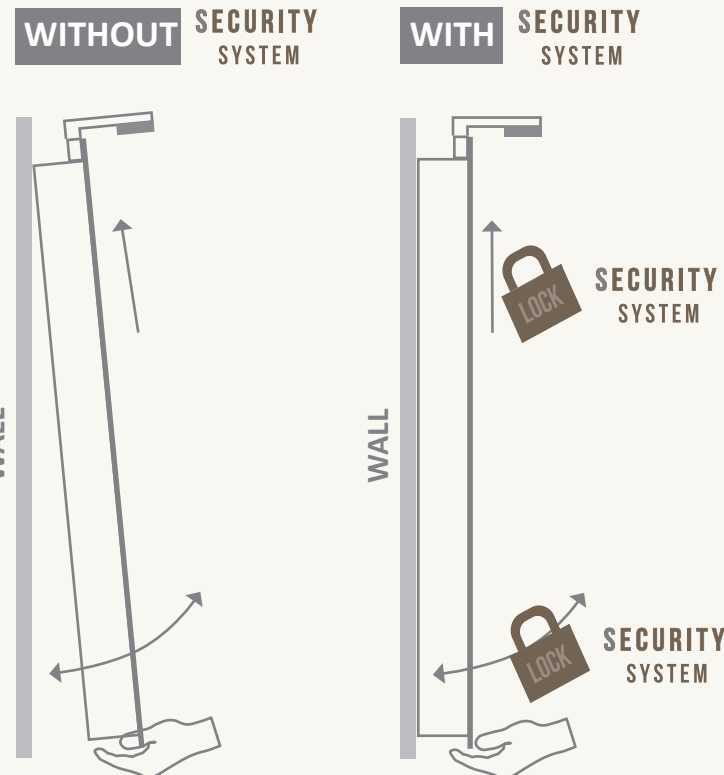

LOCK SECURITY SYSTEM

OUR USERS SAY...

"Only with a screw the mirror is fixed to the wall and you can be more quiet. The mirror will not off-hook by accident."

ROSA VIDAL

Industrial Designer.

Rosa is currently the group product manager for EBIR; she has an extensive portfolio that includes a variety of commercial product designs. Her keen abilities and attention to EBIR's brand values have made her the ideal person to render the driving esthetic concept to "See yourself in a whole new light" into the very appearance of our company's elegant product offerings.

DANIEL RODRÍGUEZ

Architect and Industrial Designer.

He has been with EBIR since the very beginning, brings his experience in a wide range of fields that connect to industrial design so that our products reflect that uniqueness and brand-name identity of style associated with EBIR. His passion is to a mix of the most up-to-date and advanced technology and integrate with contemporary yet classic touches in the very appearance of our products.
