NIZA collection

Direct lighting

Mirrors with a decorative frame where the mirror is integrated with back lighting, which projects light from the inside creating a halo.

The frame allows the integration of a "free floating effect" mirror, which gives it a high decorative value, or a sandblasted mirror glass, which provides a greater sensation of brightness

Espejos con marco decorativo donde se integra la luna con iluminación trasera, que proyecta la luz desde su integra creando un balo.

El marco permite integrar una luna volada, que le otorga un alto valor decorativo o una luna arenada, que aporta mayo sensación de luminosidad.
